

GAURAV ACHARYA

Kathmandu, Nepal • github.com/anomy77 • Full Stack & Browser Systems Developer

TECHNICAL SKILLS

Browser Extensions:	Chrome Manifest V3, Background Service Workers, Content Script DOM Injection, chrome.storage, Storage Architecture
Web Scraping & Data:	Infinite Scroll DOM Automation, High-Throughput Parallel Worker Pools, Regex/Mailto Enrichment, UTF-8 BOM CSV/Excel Pipelines
Languages & Core:	Python 3.x, JavaScript (ES6+), TypeScript, PHP, SQL, HTML5, Modern CSS3
AI & Real-Time Systems:	Google Gemini 2.0 Flash REST API, Claude/OpenAI SDKs, Deepgram Nova-3 WebSockets, PyAudio Ring Buffers

FEATURED PROJECTS

MapLeads – Google Maps B2B Lead Extractor & Parallel Email Finder	github.com/anomy77/mapleads-lead-extractor
<i>Manifest V3, DOM Automation, Asynchronous Parallel Worker Pool, Local Storage</i>	
- Built production Chrome extension executing deep infinite scrolling with smart end-of-list detection. - Implemented an 8-worker concurrent background email scraping engine scanning company domains via regex & mailto. - Integrated cross-tab persistent local storage and automated 1-click UTF-8 BOM CSV spreadsheet export.	
TubeBrief AI – YouTube AI Brief & Notes Generator	github.com/anomy77/tubebrief-ai
<i>JavaScript, Manifest V3, Google Gemini 2.0 Flash REST API, Markdown Rendering</i>	
- Engineered an in-memory timedtext subtitle extractor directly capturing YouTube captions without paid third-party APIs. - Integrated Google Gemini 2.0 Flash to synthesize transcripts into structured executive summaries and study notes under 2 seconds.	
MarkClip – Web to Markdown Clipper	github.com/anomy77/markclip-extension
<i>JavaScript, DOM Parser, Local Storage, Markdown Engine</i>	
- Developed lightweight browser extension that strips web bloat and converts articles into clean Markdown with YAML front matter. - Engineered 1-click clipboard copying and local .md file export tailored for Obsidian and Notion knowledge bases.	

EDUCATION

Secondary Education (Science • Computer Science & Mathematics)	Kathmandu, Nepal
<i>Grade 12 • Expected Completion: 2026</i>
